

CPSC3111 (PGM4QQ) INFORM

Make a copy of a previous program and name it: **INFORM**. Create a report that prints an **INFORM**ation Sheet for each Employee like the format shown below. Use the same input file. The Annual Salary is calculated as 52 weeks of **regular** pay (40 Hours per week!). Some of the items may not be available, so just **leave** the **data area** blank so the interviewer can add the information to the sheet.

If the Pay-Type Code is invalid, show the invalid Pay-Type on its normal print line and print the message: '*** Invalid Pay Type ***' on the Annual-Salary line.

Note that the print lines will **NOT** be double spaced in SDSF, only the print control character tells you (and the printer) that there should be a blank line after each line printed. If you do not see the print control characters, press the F10 key to show columns 01-80 instead of columns 02-81.

Sample REPORT for the Employee Information Sheet

```
1  7/12/15    10:00    PROGRAM 4, (QQ) STUDENT NAME    Page:    1
0              EMPLOYEE INTERVIEW INFORMATION SHEET
0              Division:    50
0              Department:    052 - PHOTOGRAPHY
0              Emp Number:    11257
0              Last Name:    SIPPI
0              First Name:    MRS
0              Middle Init:
0              Pay Type:    S
0              Pay Rate:          550.00
0              Deductions:        100.00
0              Dependents:
0              Date Last Raise:
0              Annual Salary:    28,600.00    (or 'Invalid Pay Type' MSG)
0              Notes:
